SUMMARY

Motivated and detail-oriented Computer Science student with hands-on experience in frontend development, React.js, and API integrations. Passionate about building responsive and user-friendly web applications using modern technologies like Tailwind CSS and JavaScript. Eager to contribute my skills to a dynamic team and continue growing in the software development field.

WORK EXPERIENCE

Frontend Developer Intern | AppX Studio | December 2024 – January 2025

- **Component Development:** Worked on enhancing and modifying existing React components to match the design specifications provided by Siddharth Audhinarayanan (Mentor, AppX Studio) through Figma files.
- **Code Optimization:** Maintained clean and reusable code by avoiding duplication of component styling and ensuring consistency across all components.
- **Remote Collaboration:** Completed the internship remotely, contributing 12 hours of work per week while adhering to project deadlines and mentor standards.
- **Technology Stack:** Utilized React.js, Tailwind CSS, and Figma to deliver high-quality frontend development aligned with modern UI/UX best practices.

Frontend Developer Intern | Fukui Accent Pvt. Ltd. & Tozai Safety Pvt. Ltd.

July 2024 – September 2024

- Worked in a shared office environment to design and develop responsive websites for both Fukui Accent Trading and Tozai Safety Pvt. Ltd.
- Built and optimized user interfaces using HTML, CSS, JavaScript, Tailwind CSS, and React based on Figma designs.
- Ensured seamless user experiences across devices and maintained code reusability and consistent styling across components.

DATA CLEANING | GOALKEEP | APRIL 2024 - MAY 2024

- Responsible for the meticulous cleaning of a client's dataset and tasks included compiling rows requiring cleaning, cross-referencing inaccurate data with master lists to correct errors and remove duplicates, and conducting repeated manual checks to ensure data integrity.
 - Successfully cleaned over 13,000 rows of data on the Google Sheets platform, consistently maintaining high standards of quality and provided regular updates about my work.
-

PROJECTS

Stock Tracker App | React.js, Tailwind CSS, Finnhub API

- Built a stock search application that fetches real-time company and share data using the Finnhub API.
- Designed dynamic, responsive UI components using React and styled them with Tailwind CSS.

Image Generator | HTML, CSS, JavaScript, Unsplash API

- Developed a web app that generates random images by integrating the Unsplash API.
- Implemented search functionality to fetch and display images dynamically.

Weather App | HTML, CSS, JavaScript

- Built a weather application that fetches real-time weather data for cities using an external API.
- Displayed temperature, weather conditions, and location details dynamically.

Netflix Clone | HTML, CSS

- Recreated the Netflix website homepage using HTML and CSS, focusing on layout, design responsiveness, and UI replication.

EDUCATION

Bachelor of Science in Information Technology

Nagindas Khandwala College

Expected Graduation: 2026

Ismail Yusuf College — 12th Standard

July 2022 - February 2023

Percentage: 70.5%

Elia Sarwat High School — 10th Standard

June 2020 - March 2021

Percentage: 86.2%

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript
- **Web Development:** HTML5, CSS3, React.js, Tailwind CSS
- **Databases:** MySQL, PL/SQL
- **Tools:** Git, GitHub, VS Code, Replit
